Why Not a Good Range?

How many people investigate the construction of a range as well as its beauty. We offer beauty in our ranges that will satisfy the most radical, and yet the construction of all of our patterns will bear that keen investigation that will convince.

The above cut shows one of our Universal's, the range with a self-made reputation. It is a pleasure for the housewife to prepare each and every meal with a range like this, that responds to every effort, and it will be a pleasure for us to show you.
